

BHAJJANKA ISPAT PVT LTD

This document contains necessary information about the firm and promoters. All data provided is upto date.

Company Profile

Established in 2008, Bhajjanka Ispat Pvt Ltd, a distinguished player in the manufacturing industry with a focus on Engineering Plastic and Rubber liners, Slurry Pump (Rubber, PU, Metal), Hydrocyclone, Polyurethane Panel, and more.

At Unit 1, our expertise lies in producing a diverse range of products, including Engineering Plastic and Rubber liners, Slurry Pumps of various materials (Rubber, PU, Metal), Hydrocyclones, and Polyurethane Panels. We take immense pride in our commitment to quality and precision, ensuring that our customers receive products that meet the highest industry standards.

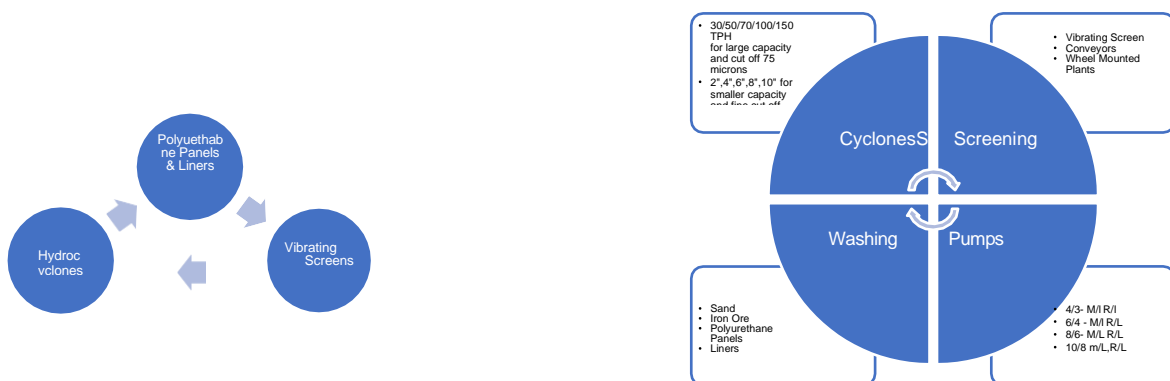

What sets Bhajjanka apart is our unique capability at Unit 2, where we exclusively manufacture equipment for Screening, Washing, and Recycling. This distinctive feature makes us one of the few companies in the country that produces all components for washing equipment in-house. By doing so, we exercise rigorous control over the quality assurance process, resulting in products that consistently meet and exceed customer expectations.

Our dedication to innovation, coupled with a steadfast commitment to quality, has positioned Bhajjanka as a trailblazer in the industry. We are confident that our comprehensive product range and in-house manufacturing capabilities make us an ideal partner for businesses seeking reliable and high-quality solutions.

Should you have any inquiries or require additional information, please do not hesitate to contact us. Thank you for considering Bhajjanka Ispat Pvt Ltd as your trusted partner in manufacturing excellence.

Culture

Bhajjanka Ispat Pvt Ltd takes pride in fostering a dynamic organizational culture that reflects our commitment to excellence, innovation, and customer satisfaction. Our culture is deeply rooted in the following key principles:

- *Innovation and Expertise:*** We thrive on innovation and continuously strive to push the boundaries of what is possible. Our team consists of industry experts and professionals who bring diverse skills to the table, driving the development of cutting-edge solutions in manufacturing Engineering Plastic, Rubber liners, Slurry Pumps, Hydrocyclones, and Polyurethane Panels.
- *Quality Assurance:*** As the sole company in our country manufacturing all components for washing equipment in-house, we prioritize quality at every step of the process. Our commitment to quality assurance is unwavering, ensuring that our products not only meet but exceed industry standards. This meticulous approach is ingrained in our culture, reflecting our dedication to delivering reliable and high-performance solutions.
- *Collaboration and Team Spirit:*** Bhajjanka values the synergy that comes from a collaborative and inclusive work environment. We encourage open communication, idea sharing, and teamwork. This collaborative spirit enhances our ability to address challenges creatively and deliver comprehensive solutions to our clients.
- *Customer-Centric Approach:*** Our culture revolves around understanding and anticipating the needs of our customers. By specializing in both unit 1 (manufacturing of various products) and unit 2 (Screening, Washing, and Recycling equipment), we aim to provide end-to-end solutions that cater to the diverse requirements of our clients. Customer satisfaction is at the heart of everything we do.
- *Consistently Great :*** We believe in the philosophy of continuous improvement. Our culture encourages a proactive approach to learning, adapting, and evolving in response to industry advancements. This commitment to staying at the forefront of technology and best practices ensures that Bhajjanka remains a leader in the manufacturing sector.

At Bhajjanka Ispat Pvt Ltd, our culture is the driving force behind our success, shaping a workplace where innovation, quality, collaboration, customer focus, and continuous improvement are not just ideals but integral aspects of our daily operations..

Corporate Philosophy

Key Personnel

BIPL takes pride in having been led by figures who have been epitomes of integrity, inspiration, commitment, passion and hard work portraying exemplary dedication towards the objective of carving out an impeccable niche for the firm. Fortified by the glorious heritage the company is currently in the second generation of existence:

Mr. Shiv Shanker Agarwal

Founder of BIPL, he represents the instance of a self made individual, who, by the dint of his sincere and unflinching efforts in his preliminary stage of struggle, eventually succeeded in establishing the firm in 2008 with self owned capital.

Mr. Vikash Singhal & Mr. Umang Singhal

A prodigy, a messianic force and a duo coming of age. Both the brothers have been a linchpin to plug in the gaping technological lacunas in the industry for better. More efficient and

faster delivery, stock maintenance and better quality. BE (Mech) by profession and having an experience of working for a giant before joining the family business both the brothers have been quite successful in taking the company forward and to new heights. With an unwavering determination to accentuate the sales horizon of the company, both of them targets a 2 fold increase in turnover each year by adding new products which makes the life of our customers hassle free.

Why BIPL?

Choosing Bhajjanka Ispat Pvt Ltd offers a host of advantages that set us apart in the manufacturing industry:

- *Comprehensive Product Range:*** Bhajjanka specializes in a diverse range of products, from Engineering Plastic and Rubber liners to Slurry Pumps (Rubber, PU, Metal), Hydrocyclones, Polyurethane Panels in unit 1, and Screening, Washing, and Recycling equipment in unit 2. This comprehensive product portfolio allows us to be a one-stop solution for various industrial needs.
- *In-House Manufacturing Expertise:*** We take pride in being one of the few companies in our country to manufacture all products for washing equipment in-house. This unique capability not only streamlines the production process but also ensures meticulous quality control at every stage. Choosing Bhajjanka means choosing a manufacturer with direct control over the entire manufacturing chain, resulting in superior quality and consistency.
- *Innovation and Technology:*** Bhajjanka is at the forefront of innovation, leveraging the latest technologies to develop advanced solutions. Our commitment to staying ahead of industry trends ensures that our clients benefit from state-of-the-art products that meet and exceed their evolving requirements.
- *Quality Assurance:*** With our in-house manufacturing capabilities, Bhajjanka places a strong emphasis on quality assurance. By overseeing every aspect of production, we can guarantee the quality and reliability of our products. This commitment to quality ensures that our clients receive durable and high-performance solutions.
- *Customer-Centric Approach:*** At Bhajjanka, we prioritize customer satisfaction. Our customer-centric approach involves understanding the unique needs of our clients and tailoring solutions to meet those requirements. Our ability to offer end-to-end solutions, from manufacturing to equipment supply, sets us apart as a reliable and trusted partner.
- *Industry Pioneers:*** Bhajjanka stands as a pioneer in the manufacturing sector, setting benchmarks for others to follow. Our legacy of excellence and innovation makes us a preferred choice for businesses seeking cutting-edge solutions and a reliable partner for their industrial needs.

In summary, choosing Bhajjanka Ispat Pvt Ltd means choosing a company with a diverse product range, in-house manufacturing expertise, commitment to innovation, unwavering quality assurance, customer-centric values, and a legacy of industry leadership.
